PROGRAM OVERVIEW

Germany, Austria and the Czech Republic are rich with musical tradition. This one small area of Europe was the central location for many of the finest musicians of the 17th, 18th, 19th and 20th Centuries. This course will experience music in the spaces where many of these great works were first heard. Students will have the opportunity to contextualize the art and understand its significant historical and social functions. The great museums and cathedrals of the region will also help our students to gain a greater understanding of the times.
